Top 10 Reasons to Choose CloudWave

1 Focus

CloudWave is dedicated 100% to healthcare and helping hospitals meet the challenges of today.

2 Innovation

We don't just follow Best Practices, we define them. Our collaboration with partners includes lab testing and development to bring new technology solutions to the healthcare market.

3 Technology Leadership

Our proactive approach to technology and sustainable solutions help hospitals adopt new technologies more rapidly than they could independently.

4 Relationships

CloudWave maintains strategic, long-standing partnerships with MEDITECH and leading technology vendors.
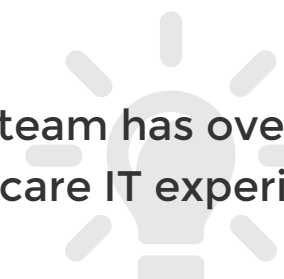

5 Experience & Expertise

Our team has over **960** aggregate years of healthcare IT experience, and has delivered over 1500 projects.
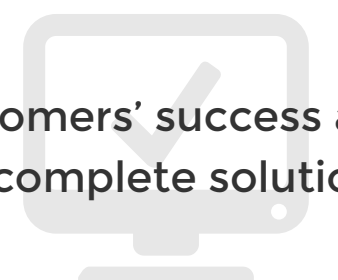

6 Reputation

CloudWave is committed to our customers' success and to delivering quality, complete solutions.

7 Service

Our dedicated U.S. service desk delivers support for cloud and on-premises technology solutions.

8 Choices

We offer Cloud, Integration, Consulting, and Professional Services and infrastructure choices from all leading technology vendors.
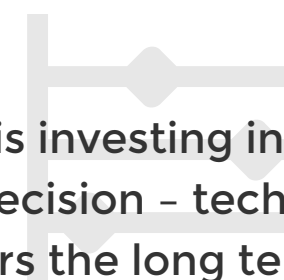

9 Sustainability

Our company is investing in a long-term cloud strategy. Every decision – technical, financial, operational – considers the long term benefit to customers and employees.

10 Happy Customers

Everyone at CloudWave is committed to delivering the best customer experience possible.
