

Hack the Lunch Hour:

Backdoors & Breaches Meets Rural Health Cyber Trivia

Join CloudWave for a fast-paced, food-fueled session where we pair the award winning Backdoors & Breaches incident response card game with our Rural Health Cyber Trivia challenge. Sharpen your team's security instincts, see how you stack up against peer hospitals, and leave with practical takeaways you can put to work before your next board meeting.

WHY ATTEND

- ▶ **Hands-on practice.** Play a live tabletop exercise that stress-tests your incident response process in a low-risk, high-engagement format.
- ▶ **Peer benchmarking.** Benchmark your team's cyber know-how against questions tailored for community and rural hospitals.
- ▶ **Practical takeaways.** Walk away with named tools, tactics, and playbook prompts you can take straight back to your team.
- ▶ **Healthcare focus.** Hear how CloudWave protects more than 200 hospitals with purpose-built managed security for healthcare.
- ▶ **Cross-team alignment.** Build shared language between IT, clinical, and executive stakeholders on cyber risk and readiness.
- ▶ **Lunch included.** Lunch is on us. Bring your curiosity; we bring the scenarios, the trivia, and the meal.

WHAT YOU'LL LEAVE WITH

- ✓ A clearer picture of where your incident response plan is strong and where gaps hide
- ✓ Fresh talking points for your next security, board, or compliance conversation
- ✓ Ideas to harden defenses against ransomware, phishing, and third-party risks common in rural health
- ✓ A direct line to the CloudWave security team for follow-up questions, no sales pitch required
